Caring for Creation Webinar Series

Please join us for the fourth of our five-part series.

Reducing Energy Waste to Care for Creation

Wednesday May 25th at 7 pm hosted by St. Luke Catholic Church via Zoom

If you feel concerned in the face of bleak projections for climate change, weather disasters, and loss of biodiversity, consider this: one of the cleanest, fastest, most significant and least costly strategies for protecting God's creation is one we can **all** adopt in various ways - reducing the amount of energy we waste. John Jimison, a St. Luke parishioner retired from a fifty-year career as an energy lawyer and Congressional staff Counsel, will suggest how we can take the best first steps toward a clean energy future by improving energy efficiency at our homes and parishes.
